4. I had also a general consultation with the Swami before finally drawing up the revised scale. The Swami is one of the beneficiaries but has no control over the management of the temples though his opinion is respected.

5. The scale of expenditure now revised is quite up to the limit of safety and cannot be increased. There is a large investment Surplus, the income from which is not taken into account as we do not know when it may be found necessary to utilize the account.

MEMORANDUM.

Revision of the scale of expenditure of the Jain Bastis and Matt at Sravana Belagola, Channarayapatna Taluk.

The Jain Matt and temples at Sravanabelagola under the control of the Matt depend for their up-keep on Inam villages endowed to them. Owing to mismanagement, the villages were taken under Government management and suitable provision was made for the conduct of puja in the temples and Matt out of the income from villages endowed to them.

2. The existing scale of expenditure drawn up in 1879 was based on the one prescribed in 1831 by the Swami of the Matt and provides for all the items therein specified except Sastradana for which a provision of Rs.100/- per annum existed. The same services are kept in view in the present proposals and the item of Śāstradāna is also restored as it aims at teaching Jain philosophy to students resorting to the Matt.

3. The institution enjoys no cash grant, but has a total income of Rs.4205/-. Out of this Rs.805/- represents the interest on investment in Government of India Pronotes to the extent of Rs.23,000/-. Excluding this item, the institution has an available income of about Rs.3400/-, the whole of which may be spent upon its upkeep as the funded capital and annual income therefrom is quite sufficient to keep the buildings in proper

repairs.

4. The total expenditure as per existing scale amounts to Rs.2541-4-0 as shown below:--

1. Establishment of Matt and temples. - -	-Rs. 689	0 0
2. Nityakatle. Paditara and Diparadhane of Bastis outside and within the Matt.	Rs.1023	15 10
3. Hetchukatle. - -	Rs. 284	12 0
4. Miscellaneous including Potige to Patels and Shanubogs. - -	Rs. 543	8 3
Total. -	Rs. 2541	4 1

Leaving a margin of safety of about Rs.300 a year it is proposed to incur an additional expenditure of about Rs.500/- giving small increases all round.

ESTABLISHMENT.

5. A proposal was submitted by the Deputy Commissioner to enhance the pay of a few employees whose cases were strongly recommended by the Swami. There are in all 32 servants and a majority of them receive a pittance of only a few annas a month. Though it is not practicable to provide living wages to all of them, an attempt has been made to give small increases all round which it is believed will remove to a large extent any dissatisfaction that may otherwise be felt.

The total expenditure under this head would come up to Rs.65/- per mensem as against Rs.57-6-8 in the existing scale.

NITYAKATLE.

6. The expenditure under this head in the existing scale is at the rate of Rs.2-12-9 a day. In the proposed scale it is raised to Rs.3/- a day.

HETCHUKATLE.

7. No change is made, but an additional provision of Rs.50/- is made for Rathotsava.

MISCELLANEOUS.

8. Under this head a fresh provision of Rs.100/- is made for Sastradana and another of Rs.212-8-0 towards the ~~xxxxxx~~ Muzrai Establishment Fund at $6\frac{1}{4}\%$ of the total income from lands. Per contra the existing provision of Rs.7/- a month for the Taluk Muzrai Clerk and Rs.40/- per annum to the District Office clerk will be dropped.

9. Thus the total expenditure in the proposed scale is Rs.3078/- as against Rs.2581/- of the existing scale. There will still be left a sum of Rs.322/- for unforeseen expenditure not to mention the income of the invested surplus which stand at Rs.23,000/- in $3\frac{1}{2}\%$ ~~while~~ there is also an uninvested surplus of Rs.7506/- in the Muzrai Funds.

MEMORANDUM.

Revision of the scale of expenditure of the Main Bastis and Matt at Sravanabelagola, Channarayapatna Taluk.

The Jain Matt and temples at Sravanabelagola under the control of the Matt depend for their up-keep on inam villages endowed to them. Owing to mismanagement, the villages were taken under Government management and suitable provision was made for the conduct of puja in the temples and Matt out of the income from villages endowed to them.

2. The existing scale of expenditure drawn up in 1879 was based on the one prescribed in 1831 by the Swami of the Matt and provides for all the items therein specified except Sastradana for which a provision of Rs. 100 per annum existed. The same services are kept in view in the present proposals and the item of Sastradana is also restored as it aims at teaching Jain philosophy to students resorting to the Matt.

3. The institution enjoys no cash grant, but has a total income of Rs. 4,205. Out of this Rs. 805 represents the interest on investment in Government of India Pronotes to the extent of Rs. 23,000. Excluding this item, the institution has an available income of about Rs. 3.400, the whole of which may be spent upon its up-keep as the funded capital and annual income therefrom is quite sufficient to keep the buildings in proper repairs.

4. The total expenditure as per existing scale amounts to Rs. 2,541-4-0, as shown below:—

Leaving a margin of safety of about Rs. 300 a year, it is proposed to incur an additional expenditure of about Rs. 500 giving small increases all round.
